**Inside Diameter:**

2.250 inches

**Outside Diameter:**

Between 2.667 inches and 2.677 inches

**Overall Thickness:**

0.234 inches

**Hardness Rating:**

Between 32.0 rockwell c and 38.0 rockwell c

**Material:**

Steel comp 4130

**Material Specification:**

Ams 6370 assn standard single material response

**Surface Treatment:**

Cadmium and chromate

**Surface Treatment Specification:**

Qq-p-416, type 2, class 1 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
