**Inside Diameter:**

7.314 inches

**Outside Diameter:**

Between 7.500 inches and 7.505 inches

**Overall Thickness:**

Between 0.187 inches and 0.188 inches

**Surface Finish:**

63.0 microinches

**Special Features:**

Two drilled holes 0.031 in.Min and 0.034 in.Max 15 degrees apart on outer periphery

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-225/11, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
