Inside Diameter:

Between 29.630 inches and 29.635 inches

Outside Diameter:

31.125 inches

Overall Thickness:

0.437 inches

Special Features:

40 holes equally spaced 0.281 in. Dia, on bolt circle 30.250 in. Dia

Material:

Nickel alloy 400

Material Specification:

Qq-n-281, class a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
