Inside Diameter:

Between 12.502 inches and 12.504 inches

Outside Diameter:

Between 12.986 inches and 12.993 inches

Overall Thickness:

2.500 inches

Surface Finish:

63.0 microinches bore

Material:

Copper

Material Specification:

Qq-c-390 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
