Inside Diameter:

Between 1.127 inches and 1.134 inches

Features Provided:

Casehardened

Criticality Code Justification:

Zzzy

Material:

Stainless steel

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A07000
