Inside Diameter:

Between 1.003 inches and 1.013 inches

Outside Diameter:

Between 1.240 inches and 1.250 inches

Overall Thickness:

Between 0.030 inches and 0.034 inches

Material:

Aluminum alloy 1100

Material Specification:

Qq-a-250/1, 0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
