**Inside Diameter:**

0.980 inches

**Outside Diameter:**

Between 1.089 inches and 1.094 inches

**Overall Thickness:**

Between 0.140 inches and 0.142 inches

**Special Features:**

1 hole 0.031 in. Diameter on bore

**Material:**

Steel comp 630

**Material Specification:**

Ams 5643 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
