Inside Diameter:

Between 1.095 inches and 1.105 inches

Outside Diameter:

Between 1.195 inches and 1.200 inches

Overall Thickness:

Between 0.2244 inches and 0.2264 inches

Special Features:

One drilled hole 0.031 in. Dia

Material:

Steel comp 630

Material Specification:

Ams 5643 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
