**Cross-sectional Height:**

0.125 inches

**Minor Height:**

0.031 inches

**End Application:**

Oscilloscope and digital readout unit, p/n 3308000-500

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
