Cross-sectional Height:

0.125 inches

Minor Height:

0.031 inches

End Application:

Oscilloscope and digital readout unit, p/n 3308000-500

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
