Overall Length:

1.500 inches

Special Features:

Chemical film finish per mil-c-5541 class 1a prime with epoxy-polyamideper mil-c-22751

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 military specification single material response

Surface Treatment:

Enamel

Surface Treatment Specification:

Fed-std-595 federal standard single treatment response

Style Designator:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

spec.
