Cross-sectional Height:

Between 0.635 inches and 0.645 inches

Minor Height:

Between 0.145 inches and 0.155 inches

End Application:

Carriage attachment rib, inboard flap

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-268, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
