Inside Diameter:
Between 0.540 inches and 0.560 inches
Outside Diameter:
Between 0.630 inches and 0.650 inches
Overall Thickness:
Between 0.125 inches and 0.135 inches
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-225/8, t6 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 1, class 2 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625 spec.
