Cross-sectional Height:

0.190 inches

Minor Height:

0.094 inches

Special Features:

Three 0.086-56 and one 0.112-40 threaded holes irregularly located on spacer

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
