Inside Diameter:

Between 3.000 inches and 3.030 inches

Outside Diameter:

Between 3.205 inches and 3.210 inches

Overall Thickness:

0.063 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
