Hole Diameter:

0.356 inches

Overall Length:

2.800 inches

Overall Width:

0.550 inches

Bolt Hole Quantity:

3

End Application:

Wing torque box, outbd

Special Features:

2 corners diagonal of each other are beveled

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
