Cross-sectional Height:

0.169 inches

Minor Height:

0.123 inches

End Application:

Wing, outbd trailing edge

Special Features:

Tapered diagonally

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
