Cross-sectional Height:

Between 0.095 inches and 0.105 inches

Minor Height:

0.010 inches

End Application:

Wing-outbd trailing edge

Special Features:

4 holes to be drilled upon installation

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, cond t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
