**Inside Diameter:**

Between 0.680 inches and 0.700 inches

**Outside Diameter:**

Between 0.860 inches and 0.880 inches

**Overall Thickness:**

0.020 inches

**Material:**

Steel comp 321 or steel comp 302 or steel comp 301 or steel comp 316 or steel comp 303

**Material Specification:**

Ams 5510 assn standard all material responses or mil-s-5059 assn standard all material responses or astm a582 assn standard all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
