Overall Length:

0.375 inches

Overall Width:

0.340 inches

Aperture Diameter:

0.220 inches

Special Features:

2 parallel edges on bearing surface 0.120 in. Radius

Material:

Nickel alloy 400

Material Specification:

Qq-n-281, class a federal specification single material response

Style Designator:

Non-circular w/square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
