**Overall Length:**

0.375 inches

**Overall Width:**

0.340 inches

**Aperture Diameter:**

0.220 inches

**Special Features:**

2 parallel edges on bearing surface 0.120 in. Radius

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class a federal specification single material response

**Style Designator:**

Non-circular w/square corners

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
