Hole Diameter:

Between 0.342 inches and 0.349 inches

Aperture Diameter:

1.810 inches

Center To Center Distance Between Bolt Holes Along Width:

2.375 inches

Center To Center Distance Between Bolt Holes Along Length:

2.375 inches

Bolt Hole Quantity:

4

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, ty2, cl 1 military specification single treatment response

Style Designator:

Non-circular w/bolt holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-a-8625 spec.
