Overall Length:

4.500 inches

Overall Width:

2.500 inches

Lamination Quantity:

20

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

2 corners chamfered 0.250 in. By 20 degrees

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
