**Inside Diameter:**

Between 8.626 inches and 8.629 inches

**Outside Diameter:**

11.500 inches

**Overall Thickness:**

Between 0.190 inches and 0.193 inches

**Features Provided:**

Casehardened

**Hardness Rating:**

Between 58.0 rockwell c and 64.0 rockwell c

**Surface Finish:**

55.0 microinches right side

**Material:**

Steel comp e9310

**Material Specification:**

Ams 6260 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A07000
