Inside Diameter:

Between 0.745 inches and 0.755 inches

Outside Diameter:

Between 0.855 inches and 0.865 inches

Overall Thickness:

Between 0.095 inches and 0.105 inches

Material:

Steel comp 302 or steel comp 304 or steel comp 305 or steel comp 310 or steel comp 316 or steel comp 321 or steel comp 347 or steel comp 347 or steel comp 410 or steel comp 420 or steel comp 430 or steel comp 304l

Material Specification:

Qq-w-423 federal specification all material responses or il-t-8606, type 1 assn standard 10th material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
