Inside Diameter:

Between 0.688 inches and 0.718 inches

Outside Diameter:

Between 0.908 inches and 0.938 inches

Overall Thickness:

Between 0.026 inches and 0.036 inches

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-225/8, h34 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
