Inside Diameter:

1.479 inches

Outside Diameter:

Between 1.604 inches and 1.614 inches

Overall Thickness:

0.297 inches

Material:

Aluminum alloy 6061

Material Specification:

Ams 4150 assn standard single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
