Hole Diameter: 0.250 inches  Overall Length:	
Overall Length:	
<u>.                                     </u>	
Between 0.970 inches and 1.030 inches	
Bolt Hole Quantity:	
1	
Special Features:	
Irregular shape; bolt hole located 0.350 in. From center of bolt hole to left edge along width and 0.500 in. From center of bol	t hole to edge
along length; spacer rounded w/ 0.620 radius from left edge to 0.350 in. Along width and from right top edge to 0.350 in. Along	ng length;
0.650 in. Of thickness is 0.190 in. And 0.350 in. Of thickness is rounded to 0.040 in. On left side; left spacer plate	
Material:	
Aluminum alloy 2024	
Material Specification:	
Qq-a-250/4, t81 federal specification single material response	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiig:	
A07000
