**Cross-sectional Height:**

0.050 inches

**Minor Height:**

0.021 inches

**Special Features:**

92 bolt holes w/0.328 in. Dia., distance between the bolt holes is 1.125 in.; distance from left edge to bolt hole center is 0.400 in. And distance from right edge to bolt hole center is 0.640 in. Along length; bolt holes centrally located along width

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/4, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
