Hole Diameter:

Between 0.281 inches and 0.288 inches

Overall Length:

Between 0.550 inches and 0.610 inches

Bolt Hole Quantity:

1

Special Features:

Shape irregular; top width is 0.580 in. And bottom width is 0.040 in.; bolt hole is centrally located

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
