Cross-sectional Height:

Between 0.089 inches and 0.109 inches

Minor Height:

Between 0.010 inches and 0.020 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
