Inside Diameter:

12.4062 inches

Outside Diameter:

Between 14.998 inches and 15.000 inches

Overall Thickness:

Between 1.180 inches and 1.220 inches

Special Features:

Has 3 threaded bolt holes through length of spacer 0.500-20 unf-2b; has 4 unthreaded bolt holes through length of spacer w/0.530-0.539 in. Dia.; has 3 threaded bolt holes through thickness of spacer 0.375-16 unc-2b

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
