Inside Diameter:

4.500 inches

Outside Diameter:

Between 5.043 inches and 5.046 inches

Overall Thickness:

Between 0.060 inches and 0.065 inches

Material:

Aluminum alloy

Material Specification:

Ams 4171 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
