Overall Length:

7.000 inches

Overall Width:

2.600 inches

End Application:

Engine cowling assembly for oil cooler support

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, temp t3 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
