Inside Diameter:

Between 0.843 inches and 0.845 inches

Outside Diameter:

Between 1.090 inches and 1.092 inches

Special Features:

Optical improvement program for target acquisition designation sight

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
