Inside Diameter:

0.750 inches

Outside Diameter:

Between 0.886 inches and 0.888 inches

Special Features:

Optical improvement program for target acquisition designation sight

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
