Cross-sectional Height:

0.196 inches

Minor Height:

0.098 inches

Special Features:

Uniquely shaped

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t7351 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
