Inside Diameter:

Between 6.558 inches and 6.568 inches

Outside Diameter:

Between 6.698 inches and 6.702 inches

Overall Thickness:

0.573 inches

Special Features:

Color lusterless black; split in ring, 0.090 ins wide

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t4 federal specification single material response or qq-a-225/6, t4 or t351 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
