**Thread Direction:**

Right-hand

**Counterbore Diameter:**

1.0625 inches and 1.0632 inches wrenching end, first counterbore

**Counterbore Depth:**

0.148 inches wrenching end, first counterbore

**Overall Length:**

1.310 inches

**Diameter:**

1.375 inches

**Thickness:**

0.174 inches

**Wrenching Facility Shape:**

Round

**Screw Thread Length:**

0.174 inches

**Counterbore Location:**

Wrenching end

**Hole Inside Diameter:**

0.750 inches

**Features Provided:**

Counterbore

**Material:**

Aluminum alloy 2011

**Material Specification:**

Qq-a-225/3, t3 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A540s0
