Inside Diameter:

Between 1.125 inches and 1.135 inches

Outside Diameter:

Between 1.490 inches and 1.510 inches

Overall Thickness:

Between 0.045 inches and 0.065 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t651 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
