Inside Diameter:

Between 1.182 inches and 1.185 inches

Outside Diameter:

Between 1.370 inches and 1.380 inches

Overall Thickness:

Between 0.059 inches and 0.061 inches

Features Provided:

Casehardened

Hardness Rating:

Between 34.0 rockwell c and 40.0 rockwell c

Material:

Steel comp 4340

Material Specification:

Ams 6415 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
