#### **Overall Length:**

1.700 inches

## **Overall Width:**

0.800 inches

## **Overall Thickness:**

Between 0.095 inches and 0.105 inches

#### Material:

Aluminum alloy 2024

#### Material Specification:

Qq-a-250/4, t3 federal specification single material response or qq-a-250/5, t4 federal specification single material response

#### Surface Treatment:

Anodize or chromate

#### **Surface Treatment Specification:**

Mil-a-8625, type 1 military specification 1st treatment response or mil-c-5541, cl 1a military specification 2nd treatment response

#### Style Designator:

Rectangular

# Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

# Fiig:

A07000

#### Mil-std (military Standard):

Mil-a-8625 spec.
