Overall Length:

3.600 inches

Overall Width:

0.700 inches

Overall Thickness:

Between 0.095 inches and 0.105 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response or qq-a-250/13, t6 federal specification single material response

Surface Treatment:

Anodize or chromate

Surface Treatment Specification:

Mil-a-8625, type 1 military specification 1st treatment response or mil-c-5541, cl 1a military specification 2nd treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-a-8625 spec.
