Overall Length:

1.000 inches

Overall Width:

1.000 inches

Overall Thickness:

Between 0.120 inches and 0.130 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t3 federal specification single material response or qq-a-250/5, t4 federal specification single material response

Surface Treatment:

Anodize or chromate

Surface Treatment Specification:

Mil-a-8625, type 1 military specification 1st treatment response or mil-c-5541, cl 1a military specification 2nd treatment response

Style Designator:

Square

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-a-8625 spec.
