Overall Length:
1.900 inches
Overall Width:
0.900 inches
Overall Thickness:
Between 0.150 inches and 0.170 inches
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-250/4, t3 federal specification single material response or qq-a-250/5, t4 federal specification single material response
Surface Treatment:
Anodize or chromate
Surface Treatment Specification:
Mil-a-8625, type 1 military specification 1st treatment response or mil-c-5541, cl 1a military specification 2nd treatment response
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625 spec.
