Overall Length:

3.625 inches

Overall Width:

1.500 inches

Aperture Diameter:

0.812 inches

Special Features:

Aperture is not centrally located, positioned 1.125 ins from top of plate

Material:

Steel comp 410

Material Specification:

Qq-s-766 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
