Inside Diameter:

Between 3.998 inches and 4.000 inches

Outside Diameter:

Between 4.297 inches and 4.300 inches

Overall Thickness:

Between 0.083 inches and 0.085 inches

End Application:

Lgm30g

Special Features:

Shield-spacer, inner

Material:

Steel comp 630

Material Specification:

Ams 5643 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
