Overall Length:

2.000 inches

Overall Width:

1.000 inches

Overall Thickness:

0.080 inches

End Application:

C141 acft

Special Features:

Doubler

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
