#### **Overall Length:**

2.000 inches

**Overall Width:** 

1.000 inches

# **Overall Thickness:**

0.085 inches

### End Application:

C141 acft

## **Special Features:**

Doubler

Material:

Aluminum alloy 7075

#### Material Specification:

Qq-a-287, t6 federal specification single material response

#### Shelf Life:

N/a

## Unit Of Measure:

Demilitarization:

No

---

## Fiig:

A07000
