Overall Length:

1.250 inches

Aperture Width:

Between 0.202 inches and 0.208 inches

Overall Thickness:

0.323 inches

Special Features:

Oval shaped

Material:

Steel comp 303 or steel comp 302

Material Specification:

Astm a582 assn standard 1st material response or astm a167 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
